

Worry Free Budget Plan

This is an option that we are offering to all our customers with approved credit.

Any balance must be paid in full before starting the program, and you must have approved credit.

We are proud to announce that we now have a **Budget Plan** available for our customers. With this plan, you will know exactly what your propane bill will be each month. For this benefit we ask that you sign up for this plan no later than **June 1st**. If you decide to join the program after June 1st you will need to make a one time deposit payment for each month after June that you missed. We will use your gallon history to develop a monthly payment and you will know what that amount will be before you sign up for the plan. In the month of May you may call our office and we will review your account and make any adjustments needed to get you ready to sign up for the next year's plan. Please call our office or ask your route salesman for details.

Advantages for you: You should never have to call for or run out of propane again, we will deliver your gas on our route system. Never pay an out of gas fee and know what your payments will be for the eleven month period with any adjustments needed being made in the twelfth month.

Call our office today for details.
